INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Wells
Wells, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Wells, Maine, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Town of Wells, Maine's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of financial statements.

3 Old Orchard Road, Buxton, Maine 04093
Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609
www.rhrsmith.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Wells, Maine as of June 30, 2019 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and OPEB information on pages 4 through 11 and 60 through 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Wells, Maine's basic financial statements. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures

applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2019, on our consideration of the Town of Wells, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Wells, Maine's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

(UNAUDITED)

The following management's discussion and analysis of Town of Wells, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2019. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Wells' basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule and pension and OPEB schedules and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position - this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities - this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above-mentioned financial statements have separate columns for the two different types of Town activities. The types of activities presented for the Town of Wells are:

- *Governmental activities* - The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the Town's basic services are reported in governmental activities, which include general government, public safety, health and sanitation, recreation and culture, education, public works, beach and harbors, library, overlay and unclassified.
- *Business-type activities* - These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the Town of Wells include the beach operations, transfer station and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Wells, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Wells can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this

comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Wells presents three columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances. The Town's major governmental funds are the general fund and the capital projects fund - public safety building fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Proprietary Funds: The Town of Wells maintains three proprietary funds, beach operations, transfer station and recreation. These funds are used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements, proprietary fund financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary funds financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Cash Flows - Proprietary Funds.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund, a Schedule of Proportionate Share of the Net Pension Liability, a Schedule of Contributions - Pension, a Schedule of Changes in Net OPEB Liability, a Schedule of Changes in Net OPEB Liability and Related Ratios, a Schedule of Contributions - OPEB and and Notes to Required Supplementary Information.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position and changes in net position of the Town's governmental activities. The Town's total net position for governmental activities increased by \$3,686,998 from \$39,424,093 to \$43,106,681. The Town's total business-type activities net position increased by \$426,201 from \$981,206 to \$1,407,407.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased for governmental activities to a balance of \$9,137,479 at the end of this year. Unrestricted net position for business-type activities increased to a balance of \$1,047,283.

Revenues and Expenses

Revenues for the Town's governmental activities increased by 3.74%, while total expenses decreased by 0.07%. The largest increase in revenues was in taxes and the largest decrease in expenses was in public works.

Revenues for the Town's business-type activities decreased by 16.78%, while total expenses decreased by 36.75%.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year and the net resources available for spending.

Table 3
Town of Wells, Maine
Fund Balances - Governmental Funds
June 30,

	2019	2018 (Restated)
General Fund:		
Nonspendable	\$ 95,214	\$ 51,949
Assigned	2,069,300	2,533,083
Unassigned	8,846,951	7,868,613
Total General Fund	\$ 11,011,465	\$ 10,453,645
Capital Projects Fund -		
Public safety building		
Restricted	\$ 4,623,995	\$ 13,409,261
Total Capital Projects Fund -		
Public safety building	\$ 4,623,995	\$ 13,409,261
Nonmajor Funds:		
Special Revenue Funds:		
Restricted	\$ 3,212,154	\$ 2,845,528
Committed	1,013,134	987,762
Assigned	55,911	53,921
Unassigned	(153,027)	(34,095)
Capital Projects Funds:		
Committed	1,069,348	981,633
Unassigned	(49,470)	-
Permanent Funds:		
Restricted	3,756	3,753
Total Nonmajor Funds	\$ 5,151,806	\$ 4,838,502

The general fund total fund balance increased by \$557,820 from the prior fiscal year primarily due to taxes. The capital projects fund - public safety building fund total fund balance decreased by \$8,785,266 from the prior fiscal year primarily due to capital outlay expenditures. The nonmajor funds total fund balances increased by \$313,304 from the prior fiscal year primarily due to revenue and transfers from other funds that exceeded expenditures and transfers to other funds.

Budgetary Highlights

There was no significant difference between the original and final budget for the general fund.

The general fund actual revenues were over budget by \$1,002,574. This was due to all categories being receipted within or over budgeted amounts.

The general fund actual expenditures were under budget by \$2,088,329. All expenditure categories were within or under budget with the exception of health and sanitation.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2019, the net book value of the capital assets recorded by the Town increased by \$10,740,496 from the prior year. This increase was the result of capital additions of \$13,360,938 less net disposals of \$143,596 and current year depreciation of \$2,476,846.

**Table 4

Total	\$ 40,921,602	\$ 30,181,106

Debt

At June 30, 2019, the Town had \$16,213,148 in a bond and bond premium outstanding versus \$16,643,148 last year, a decrease of 2.58%. For additional comparative information on the Town's outstanding debt, refer to Note 5 of Notes to Financial Statements.

Economic Factors and Next Year's Budgets and Rates

To further promote and ensure the financial well-being and fiscal stability of the Town, the Wells Board of Selectmen amended the Fund Balance Policy in April of 2013. The Town's management established the policy following a detailed evaluation of the Town's operating characteristics, diversity of tax base, reliability of non-property tax revenue sources, working capital needs, impact on bond rating, State and local economic outlooks, emergency and disaster risk and other contingent issues. As a result, the Town will strive to maintain an unassigned fund balance level in an amount equal to 25.0% of the Town's General Fund Budget, i.e., an amount equal to three (3) months operating expense from the then-current operating budget. At June 30, 2019, the Town's general fund unassigned fund balance will cover approximately 2.78 months of expenditures and slightly lower than the policy minimums. Any excess funds may be utilized for other municipal fiscal purposes, including additional capital improvement needs or tax rate stabilization or reduction purposes. Further, the Town reserves the right to appropriate funds pursuant to the Town of Wells Charter and State Statutes from unassigned fund balance for emergencies and other requirements the Town's management believes to be in the best interest of the Town of Wells.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town's Finance Department at 208 Sanford Road, Wells, Maine 04090.

TOWN OF WELLS, MAINE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT
OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019

Net change in fund balances - total governmental funds (Statement E)	<u>\$ (7,914,142)</u>
Amounts reported for governmental activities in the Statement of Activities (Statement B) are different because:	
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:	
Capital asset acquisitions	13,714,968
Capital asset disposals	(758,495)
Depreciation expense	<u>(2,408,045)</u>
	<u>10,548,428</u>
Revenues in the Statement of Activities that do not provide current financial resources as revenues in the funds:	
Taxes and liens receivable	<u>(107,010)</u>
Deferred outflows of resources are a consumption of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds	
	<u>(239,905)</u>
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term obligations in the Statement of Net Position	
	<u>430,000</u>
Deferred inflows of resources are an acquisition of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds	
	<u>852,614</u>
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Accrued compensated absences	(36,145)
Net OPEB liability	38,926
Net pension liability	<u>114,232</u>
	<u>117,013</u>
Change in net position of governmental activities (Statement B)	<u><u>\$ 3,686,998</u></u>

See accompanying independent auditors' report and notes to financial statements.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Wells was incorporated under the laws of the State of Maine. The Town operates under the selectmen-manager form of government and provides the following services: general government, public safety, health and sanitation, recreation and culture, education, public works, beach and harbors, library, overlay and unclassified.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and No. 61.

Implementation of New Accounting Standards

During the year ended June 30, 2019, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 83 "Certain Asset Retirement Obligations." This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO. This Statement also requires disclosure of information about the nature of a government's AROs, the methods and assumptions used for the estimates of the liabilities, and the estimated remaining useful life of the associated tangible capital assets. If an ARO (or portions thereof) has been incurred by a

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

government but is not yet recognized because it is not reasonably estimable, the government is required to disclose that fact and the reasons therefor. This Statement requires similar disclosures for a government's minority shares of AROs. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 88 "Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements." This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. Management has determined the impact of this Statement is not material to the financial statements.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's beach operations, transfer station and recreation are categorized as business-type activities. All other activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net investment in capital assets; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, public safety, etc.) excluding fiduciary activities. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

Measurement Focus - Basic Financial Statements and Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

Major Funds

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. The Capital Projects Fund - Public Safety Building is being presented as a major fund as a result of the recent bond issue to construct a new facility.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nonmajor Funds

- c. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- d. Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.
- e. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended and unless otherwise specified, only earnings and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Nonoperating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the Town:

- a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the inhabitants of the Town.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. The Town does not adopt budgets for Special Revenue or Capital Projects Funds.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. For statement of cash flows purposes, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. The Town Treasurer is authorized by the Wells Board of Selectmen and State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations and credit unions
- Repurchase agreements
- Mutual funds

Restricted Cash

Certain resources of the Town are set aside and are classified as restricted cash on the balance sheet and statement of net position because their use is limited by applicable bond covenants. These funds are set aside from the Town's operation.

Receivables

Receivables include amounts due from local businesses, transfer station receivables and cable franchise fees. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible. Allowances for uncollectible accounts netted with accounts receivable were \$93,359 for the year ended June 30, 2019. The allowance for uncollectible accounts is estimated to be \$0 as of June 30, 2019.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

Estimated useful lives are as follows:

Buildings	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-term Obligations

The accounting treatment of long-term obligations depend on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term obligations to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term obligations consist of bonds payable, bond premium payable, accrued compensated absences, net OPEB liability and net pension liability.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

OPEB

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, management received and relied on an actuarial report provided to them by the Maine Municipal Employees Health Trust (MMEHT), which determined the Town's fiduciary net position as a single employer defined benefit plan based on information provided solely by MMEHT to complete the actuarial report. Additions to/deductions from the MMEHT OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by MMEHT. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Participating Local District (PLD) Consolidated Plan and additions to/deductions from the PLD Consolidated Plan's fiduciary net position have been determined on the same basis as they are reported by the PLD Consolidated Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has two types of this item, deferred outflows related to OPEB and deferred outflows related to pensions. These items are reported in the statement of net position.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has prepaid taxes and deferred tax revenues, which arise only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Deferred inflows related to OPEB and deferred inflows related to pensions qualify for reporting in this category as well. These items are reported only in the statement of net position. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nonspendable - This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted - This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned - This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Board of Selectmen.

Unassigned - This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied on October 5, 2018, on the assessed value listed as of April 1, 2018, for all taxable real and personal property located in the Town. Taxes were due in two installments on November 19, 2018 and May 20, 2019. Interest on unpaid taxes commenced on November 20, 2018 and May 21, 2019, at 7% per annum.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay and amounted to \$750,000 for the year ended June 30, 2019.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services, or privileges provided; operating or capital grants and contributions, including special assessments).

Operating/Nonoperating Proprietary Fund Revenues

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to that fund's ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS

The Town's investment policies, which follow state statutes, require that all investments be made considering the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

Deposits:

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

At June 30, 2019, the Town's deposits of \$23,164,042 were comprised of bank deposits of \$23,050,979. Of these bank deposits, \$500,000 was fully covered by federal depository insurance and consequently was not exposed to custodial credit risk, \$13,255,598 was covered with irrevocable stand-by letters of credit, \$9,069,511 was collateralized with securities held by the financial institution in the Town's name and \$225,870 was covered by the Securities Investor Protection Corporation (SIPC).

<u>Account Type</u>	<u>Bank Balance</u>
Checking accounts	\$ 6,991,362
Savings accounts	8,308,503
Sweep accounts	7,525,244
Cash and cash equivalents	225,870
	<u>\$ 23,050,979</u>

Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does have a policy for custodial credit risk for investments.

At June 30, 2019, the Town had \$0 in investments.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Credit risk - Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does have an investment policy on credit risk. The Town mitigates this risk by limiting investments to authorized types of securities, using qualified financial institutions authorized by the investment committee and diversifying the investment portfolio to meet the Town's current and future cash flow needs. Generally, the Town invests excess funds in cash management accounts and various insured certificates of deposit.

Interest rate risk - is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does have a formal investment policy that mitigates interest rate risk by limiting investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

Fair Value Hierarchy

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Town has the following recurring fair value measurements as of June 30, 2019:

<u>Cash equivalents measured at the net asset value (NAV)</u>	
Money market mutual funds	\$ 225,870
Total cash equivalents measured at the NAV	<u>225,870</u>
Total investments measured at fair value	<u>\$ 225,870</u>

The fair value of money market mutual funds that are measured at NAV per share (or its equivalent) is calculated as of June 30, 2019 in a manner consistent with the Financial Accounting Standards Board's measurement principles for investment companies.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2019 consisted of the following individual fund receivables and payables:

	Receivables (Due from)	Payables (Due to)
General fund	\$ 476,593	\$ 12,337,388
Capital projects fund - public safety building	5,577,526	-

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 5 - LONG-TERM DEBT (CONTINUED)

All bonds payable are direct obligations of the Town, for which its full faith and credit are pledged. The Town is not obligated for any special assessment debt. All debt is payable from taxes levied on all taxable property within the Town.

NOTE 6 - OTHER LONG-TERM OBLIGATIONS

The following is a summary of changes in other long-term obligations for the year ended June 30, 2019:

	Balance, 7/1/18	Additions	Deletions	Balance, 6/30/19	Current Portion
Accrued compensated absences	\$ 522,717	\$ 36,145	\$ -	\$ 558,862	\$ 27,943
Net OPEB liability	689,611	39,359	(78,285)	650,685	-
Net pension liability	1,520,425	905,438	(1,019,670)	1,406,193	-
	<u>\$ 2,732,753</u>	<u>\$ 980,942</u>	<u>\$ (1,097,955)</u>	<u>\$ 2,615,740</u>	<u>\$ 27,943</u>

Refer to Notes 7, 13 and 16 for more detailed information regarding other long-term obligations.

NOTE 7 - ACCRUED COMPENSATED ABSENCES

The Town's policies regarding vacation time do permit employees to accumulate earned but unused vacation leave, with the exception of the two employees with special circumstances. The liability for these compensated absences is recorded as long-term obligations in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2019, the Town's liability for compensated absences is \$558,862.

NOTE 8 - NONSPENDABLE FUND BALANCES

At June 30, 2019, the Town had the following nonspendable fund balances:

General fund:	
Prepaid items	\$ 43,265
Tax acquired property	95,214
	<u>\$ 138,479</u>

TOWN OF WELLS, MAINE

NOTE 13 - DEFINED BENEFIT PENSION PLAN

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

Plan Description

Town employees contribute to the Maine Public Employees Retirement System (MainePERS), a cost-sharing multiple-employer defined benefit pension plan established by the Maine State Legislature. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the Participating Local District (PLD) Consolidated Plan's advisory group, which reviews the terms of the plan and periodically makes recommendations to the Legislature to amend the terms. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained online at www.maineopers.org or by contacting the System at (207) 512-3100.

Benefits Provided

The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. The System's retirement programs provide defined retirement benefits based on members' average final compensation and service credit earned as of

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten-year requirement was reduced by legislative action to five years for employees of PLDs). In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For PLD members, normal retirement age is 60 or 65. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. The System also provides disability and death benefits which are established by contract with PLD employers under applicable statutory provisions. As of June 30, 2018, there were 304 employers in the plan.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 2.4%.

Contributions

Retirement benefits are funded by contributions from members and employers and by earnings on investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. The Town's police and fire department employees are part of the PLDs special plans "2C" and are required to contribute 8.0% of their annual salary, the general government and dispatch employees are part of the PLDs 7006-AN plan and are required to contribute 6.0% of their annual salary, the department heads, highway, transfer station, library and recreation employees are part of the PLDs 7007-AN plan and are required to contribute 8.0% of their annual salary, while all other employees are part of regular plan "AC" and are required to contribute 8.0% of their annual salary. The 7006-AN and 7007-AN plans became effective on January 1, 2018. The Town is required to contribute 10.0% for the AC plan, 10.5% for the 2C plan, 9.0% for the 7006-AN plan and 8.0% for the 7007-AN plan on members' covered payroll. By a special agreement for the 2C plan effective July 1, 2013, the Town will contribute up to 7%. If the MainePERS's employer rate for the 2C plan increases to a rate above 7%, the employees who choose to participate in the plan agree to contribute, in addition to their portion, the difference between the 7% and the actual percentage. For the year ended June 30, 2019 employee contributions to the 2C plan were 11.0% of their annual salary. The Town's contribution to the MainePERS PLD Consolidated Plan for the year ended June 30, 2019 was \$380,553.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Town reported a liability of \$1,406,193 for its proportionate share of the net pension liabilities for the plan. The net pension liabilities were measured as of June 30, 2018 and the total pension liabilities used to calculate the net pension liabilities was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liabilities were based on a projection of the Town's long-term share of contributions to each pension plan relative to the projected contributions of all PLDs, actuarially determined. At June 30, 2018, the Town's proportion was 0.513813%, which was an increase of 0.14247% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the Town recognized total pension revenue of \$756,422. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>PLD Plan</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 4,403	\$ 15,445
Changes of assumptions	224,438	-
Net difference between projected and actual earnings on pension plan investments	-	339,539
Changes in proportion and differences between contributions and proportionate share of contributions	773,967	599,081
Contributions subsequent to the measurement date	<u>380,553</u>	<u>-</u>
Total	<u>\$ 1,383,361</u>	<u>\$ 954,065</u>

\$380,553 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

	PLD Plan
Plan year ended June 30:	
2019	\$ 166,805
2020	200,680
2021	(230,987)
2022	(87,756)
2023	-
Thereafter	-

Actuarial Methods and Assumptions

The respective collective total pension liability for the plans was determined by an actuarial valuation as of June 30, 2018, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal actuarial funding method is used to determine costs. Under this funding method, the total employer contribution rate consists of two elements: the normal cost rate and the unfunded actuarial liability (UAL) rate.

The individual entry age normal method is used to determine liabilities. Under the individual entry age normal method, a normal cost rate is calculated for each employee. This rate is determined by taking the value, as of age at entry into the plan, of the member's projected future benefits, and dividing it by the value, also as of the member's entry age, of his or her expected future salary. The normal cost for each employee is the product of his or her pay and his or her normal cost rate. The normal cost for the group is the sum of the normal costs for all members.

Experience gains and losses, i.e., decreases or increases in liabilities and/or in assets when actual experience differs from the actuarial assumptions, affect the unfunded actuarial accrued liability.

Asset Valuation Method

The actuarial valuation employs a technique for determining the actuarial value of assets which dampens the swing in the market value. The specific technique adopted in this valuation recognizes in a given year one-third of the investment return that is different from the actuarial assumption for investment return.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Amortization

The net pension liability of the PLD Consolidated Plan is amortized on a level percentage of payroll using a method where a separate twenty-year closed period is established annually for the gain or loss for that year.

Significant actuarial assumptions employed by the actuary for funding purposes as of June 30, 2018 are as follows:

Investment Rate of Return - 6.75% per annum for the year ended June 30, 2018; the rate was 6.875% in 2017, compounded annually.

Salary Increases, Merit and Inflation - 2.75% to 9.00% per year

Mortality Rates - For active members and non-disabled retirees of the PLD Consolidated and State Employee and Teacher Plans, the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females, is used. For all recipients of disability benefits, the RP2014 Total Dataset Disabled Annuitant Mortality Table, for males and females, is used.

Cost of Living Benefit Increases - 1.91%; in 2017 the rate was 2.20%

The long-term expected rate of return on pension plan assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as June 30, 2018 are summarized in the following table. Assets for each of the defined benefit plans are commingled for investment purposes.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Asset Class	PLD Plan	
	Target Allocation	Long-term Expected Real Rate of Return
Public equities	30.0%	6.0%
US Government	7.5%	2.3%
Private equity	15.0%	7.6%
Real assets:		
Real estate	10.0%	5.2%
Infrastructure	10.0%	5.3%
Natural resources	5.0%	5.0%
Traditional credit	7.5%	3.0%
Alternative credit	5.0%	4.2%
Diversifiers	10.0%	5.9%

Discount Rate

The discount rate used to measure the collective total pension liability was 6.75% for 2018 for the Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer entity contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table shows how the collective net pension liability as of June 30, 2018 would change if the discount rate used was one percentage point lower or one percentage point higher than the current rate. The current rate is 6.75% for each of the Plans.

	1% Decrease	Discount Rate	1% Increase
PLD Plan:			
Discount rate	5.75%	6.75%	7.75%
Town's proportionate share of the net pension liability	\$ 3,314,209	\$ 1,406,193	\$ (377,280)

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Changes in Net Pension Liability

Each employer's share of the collective net pension liability is equal to the collective net pension liability multiplied by the employer's proportionate share as of June 30, 2018 as shown in the schedules of employer and non-employer contributing entity allocations. Changes in net pension liability are recognized in pension expense for the year ended June 30, 2018 with the following exceptions.

Differences between Expected and Actual Experience

The difference between expected and actual experience with regard to economic or demographic factors were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resource. For 2018, this was three years; prior to 2018, this was four years for the PLD Consolidated Plan.

Differences between Expected and Actual Investment Earnings

Differences between projected and actual investment earnings were recognized in pension expense using a straight-line amortization method over a closed five-year period. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

Changes in Assumptions

Differences due to changes in assumptions about future economic or demographic factors or other inputs were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used for the year ended June 30, 2018 valuation were based on the results of an actuarial experience study for the period of June 30, 2012 through June 30, 2015. Please refer to the *Actuarial Methods and Assumptions* section for information relating to changes of assumptions. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions

Differences resulting from a change in proportionate share of contributions and differences between total employer contributions and the employer's proportionate share of contributions were recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. Differences between total employer contributions and the employer's proportionate share of contributions may arise when an employer has a contribution requirement for an employer specific liability.

Pension Plan Fiduciary Net Position

Additional financial and actuarial information with respect to the Plan can be found in the MainePERS' 2018 Comprehensive Annual Financial Report available online at www.maineopers.org or by contacting the System at (207) 512-3100.

NOTE 14 - DEFINED CONTRIBUTION PLAN

INTERNATIONAL CITY MANAGEMENT ASSOCIATION -
RETIREMENT CORPORATION

Plan Description

The Town offers its employees a defined contribution plan created in accordance with Internal Revenue Code Section 401. The plan, available to the Town Manager, permits them to defer a portion of their salary until retirement. The employer contribution is not available to the employee until retirement or death, or in case of other life events as allowed by law. The plan is administered by ICMA Retirement Corporation.

Funding Policy

Plan provisions and contribution requirements are established and may be amended by the Board of Selectmen. Under the 401 plan, the Town Manager may elect to participate. The Town is required to contribute 15% of the Town Manager's annual compensation. The Town Manager is immediately vested in Town contributions and earnings on Town contributions. The Town's contribution vests 100% with the employee when contributed. For the year ended June 30, 2019, the Town recognized pension expense of \$18,674.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 15 - DEFERRED COMPENSATION PLAN

INTERNATIONAL CITY MANAGEMENT ASSOCIATION -
RETIREMENT CORPORATION

Plan Description

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 and maintained by International City Managers Association Retirement Corporation (ICMA). The plan, available to employees who negotiate for such benefits as a condition of employment, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseen emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) to be held in a trust for the exclusive benefit of the participants and their beneficiaries.

It is the opinion of the Town's management that the Town has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

Funding Policy

The contribution requirements of plan members and the Town are established and may be amended by the Town's Board of Selectmen. The Town will match a union full time and eligible part-time employee's contribution to the ICMA-RC Plan up to a maximum of 6% of the employee's gross annual wages and the Town will match up to a maximum of 7% of the employee's gross annual wages for non-union full and part time employees. The employee's and the Town's matching contribution vests 100% with the employee when contributed.

The Town's contributions to the plan including employee contributions for 2019, 2018 and 2017 were \$212,642, \$389,797 and \$345,040, respectively.

NOTE 16 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

MAINE MUNICIPAL EMPLOYEES HEALTH TRUST

Plan Description

The Town and Town retirees contribute to the Town's OPEB Plan with the Maine Municipal Employees Health Trust (MMEHT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the Town and/or the Town retirees. MMEHT is a fully funded, self-insured trust

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 16 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

which provides benefits to municipal and quasi-municipal organizations and county governments and acts as the agent to the Town concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MMEHT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MMEHT participants and are administered by a number of third-party administrators contracted by MMEHT. No assets are accumulated in a trust that meets the criterion of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. MMEHT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by MMEHT at (800) 852-8300.

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their surviving spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The Plan also provides an automatic life insurance benefit of \$2,000 to participants which includes a surviving spouse benefit for the same. The employee must meet the minimum requirement of age 55 with at least 5 years of service at retirement to be eligible for the Plan. The retiree must enroll when first eligible and continue coverage without interruption.

Employees Covered by Benefit Terms

At January 1, 2019, the following employees were covered by the benefit terms:

Active members	54
Retirees and spouses	<u>13</u>
Total	<u><u>67</u></u>

Contributions

Retiree and spouse premium amounts are funded by the retiree at the rate for the coverage elected by the retiree. Premium rates are those determined by the MMEHT's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage. Retirees and spouses must contribute 100% of the premium amounts. The sponsoring employer pays the remainder of the premium. Medical benefits are provided for the life of the retiree and surviving spouses.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

Medicare-Eligible Retirees	\$518	\$1,036

Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the Town reported a liability of \$650,685 for its total OPEB liability for this Plan. The total OPEB liability was measured as of January 1, 2019 and was determined by an actuarial valuation as of that date. The Town's total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

For the year ended June 30, 2019, the Town recognized OPEB expense of \$20,263. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>MMEHT</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 7,415	\$ -
Changes of assumptions	-	53,675

2022		(5,663)
2023		(5,633)
2024		(5,663)
Thereafter		(17,945)

Discount Rate

The discount rate is the assumed interest rate used for converting projected dollar related values to a present value as of the valuation date of January 1, 2018. The discount rate determination is based on the high-quality AA/Aa or higher bond yields in effect for 20-year, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index. The rate of 4.10% per annum for December 31, 2019 was based upon a measurement date of December 31, 2018. The sensitivity of net OPEB liability to changes in discount rate are as follows:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	3.10%	4.10%	5.10%
Total OPEB liability	\$ 744,361	\$ 650,685	\$ 574,733

 Plan fiduciary net position as a percentage of the total OPEB liability	 0.00%	 0.00%	 0.00%

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of January 1, 2018, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

For medical and pharmacy, historical claims and census records were assembled and provided through June 30, 2017. Medicare and non-Medicare eligible medical and prescription experience were analyzed. It was assumed that current enrollment distribution of benefit options would remain constant in the future for retirees. The cost was distributed based on the current covered population and the actuary's standard age curves which vary by age, gender and Medicare status. Children costs are converted to a load on the non-Medicare retirees which implicitly assumes that future retirees will have the same child distribution as current retirees.

Amortization

The total OPEB liability of this Plan is amortized on an open 30-year period. The amortization method is a level dollar amortization method.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 16 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Assumptions

The actuarial assumptions used in the January 1, 2018 actuarial valuation was based on economic, demographic and claim and expense assumptions that resulted from actuarial studies conducted for the period of December 31, 2017 and December 31, 2018.

Significant actuarial assumptions employed by the actuary for economic purposes are the assumptions that were adopted by Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016 and based on the experience study covering the period from June 30, 2012 through June 30, 2015. As of January 1, 2018, they are as follows:

Discount Rate - 4.10% per annum.

Trend Assumptions:

Pre-Medicare Medical - Initial trend of 8.20% applied in 2018 grading over 14 years to 4.00% per annum.

Pre-Medicare Drug - Initial trend of 9.60% applied in 2018 grading over 14 years to 4.00% per annum.

Medicare Medical - Initial trend of 4.93% applied in 2018 grading over 14 years to 4.00% per annum.

Medicare Drug - Initial trend of 9.60% applied in 2017 grading over 14 years to 4.00% per annum.

Administrative and claims expense - 3% per annum.

Future plan changes - Assumes that the current Plan and cost-sharing structure remain in place for all future years.

Significant actuarial assumptions employed by the actuary for demographic purposes are the assumptions that were adopted by Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016 and based on the experience study covering the period from June 30, 2012 through June 30, 2015. As of January 1, 2018, they are as follows:

Retirement Rates - Rates vary for plans with no explicit employer subsidy (or payment) versus those plans defining an explicit employer subsidy (or payment). The rates are based on assumptions from the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 16 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Retirement Contribution Increases - Assumed to increase at the same rate as incurred claims.

Family Enrollment Composition - For males, 50% of future retirees under the age of 65 and 50% of current retirees are married and elect spousal coverage while females are at 30% for both. 25% of male and female future retirees over the age of 65 are married and elect spousal coverage.

Age Difference of Spouses - Husbands are assumed to be 3 years older than wives.

Administrative expenses - Included in the per capita claims cost.

Disability Incidence - Disabled lives will be considered active employees and will not be valued separately.

Salary Increase Rate - 2.75% per year assumed using the level percentage of pay entry age method.

Dates of Hire - Needed to be assumed for some employees and will be based on the average age at hire for similar employees.

Rate of Mortality - Based on 104% and 120% of the RP2014 Total Dataset Healthy Annuitant Mortality Table, respectively for males and females, using the RP2014 Total Dataset Employee Mortality Table for ages prior to the start of the Healthy Annuitant Mortality Table, both projected from the 2006 base rates using the RPEC _2015 model, with an ultimate rate of 0.85% for ages 20-85 grading down to an ultimate rate of 0.00% for ages 111-120, and convergence to the ultimate rate in the year 2020. These rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016.

Retiree Continuation Percentage:

Medicare participant retirees - 100% assumed to continue in the plan elected.

Pre-Medicare plan retirees and active participants - 75% assumed to continue coverage once Medicare-eligible

Pre-Medicare plan spouses and spouses of active participants - 50% assumed to continue coverage once Medicare-eligible

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 16 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Changes in Net OPEB Liability

Changes in net OPEB liability are recognized in OPEB expense for the year ended June 30, 2019 with the following exceptions:

Differences between Expected and Actual Experience

The difference between expected and actual experience are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. The difference between expected and actual experience as of January 1, 2019 was \$7,415.

NOTE 17 - OVERLAPPING DEBT

The Town is contingently liable for its proportionate share of any defaulted debt by entities of which it is a member. At June 30, 2019, the Town's share was approximately:

	<u>Outstanding Debt</u>	<u>Town's Percentage</u>	<u>Total Share</u>
County of York	\$ 2,900,000	9.98%	\$ 289,420
Wells-Ogunquit CSD	2,982,261	78.67%	<u>2,346,025</u>
			<u><u>\$ 2,635,445</u></u>

NOTE 18 - LANDFILL CLOSURE

The Wells landfill is at 100% capacity to date. Therefore, the estimated remaining landfill life is zero years. Federal and state laws require that certain postclosure care be met. The Town estimates that on an annual basis, some immaterial costs will be incurred for postclosure care. The annual amount will be paid for within the Town's annual operating budget.

NOTE 19 - CONTINGENCIES

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 19 - CONTINGENCIES (CONTINUED)

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

NOTE 20 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance through the Cole Harrison Agency and the Town participates in a public entity risk pool sponsored by the Maine Municipal Association. The Maine Municipal Association Group Risk Pool is a state-chartered pool established exclusively for Maine municipalities. The pool provides certain property, liability, fidelity and vehicle coverage. If the assets of the pool are at any time actuarially determined to be insufficient to enable the pool to discharge its legal obligations, other obligations and actuarially sound reserves, the pool has the power to make up the deficiency by the levy of a prorated assessment. There have been no deficiencies during the past three years and management believes that no deficiency exists at June 30, 2019.

The Town is a member of the Maine Municipal Association - Worker Compensation Trust Fund ("Fund"). The Fund was created to formulate, develop and administer a program of modified self-funding for the Fund's membership, obtain lower costs for worker's compensation coverage and develop a comprehensive loss control program. The Town pays an annual premium to the fund for its worker's compensation coverage. The Town's agreement with the Fund provides that the fund will be self-sustaining through member premiums and will provide, through commercial companies' reinsurance contracts, coverage for claims in excess of \$1,000,000.

The Town is also a member of the Maine Municipal Association - Unemployment Compensation Group Fund ("MMA UC Fund"). The MMA UC Fund was created to assist in meeting members' obligations under the Employment Security Act in an efficient and cost-effective manner. The Fund is composed of individual municipalities and other public and related non-profit entities that are individually self-insured but administered as a group. Within the Fund, each member has a separate account. As such, the Town makes quarterly payments into their account, based on rates developed by MMA's consulting actuary. Claims, if any, are paid out of the Town's own account. The Maine Department of Labor classifies MMA's UC Fund members as Direct Reimbursement Employers. In other words, the Fund reimburses the Maine DOL on the Town's behalf only when the Town has unemployment claims from present or former employees.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 20 - RISK MANAGEMENT (CONTINUED)

Occasionally, the Town may have layoffs or resignations or even a part-time employee losing a primary job, that lead to larger claims payments than anticipated. When claims exceed the balance of the Town's account, the UC Fund continues to pay the Town's claims with no regard for the negative balance. Repayment of a negative balance is spread out over a period of years to avoid a financial hardship to the Town.

Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2019. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

NOTE 21 - LETTER OF CREDIT

At June 30, 2019, the Town has one outstanding irrevocable stand-by letter of credit issued by the Federal Home Loan Bank of Boston serving as collateral for its deposits held at Peoples United Bank. This letter of credit, which all expire at the close of business on July 16, 2019, authorizes multiple and partial draws only up to the amount of \$27,500,000. There was no draw for the year ended June 30, 2019.

NOTE 22 - RELATED PARTY TRANSACTIONS

One of the Town's Selectmen owns a business that provides trash hauling services for the Town. During the fiscal year ended June 30, 2019, payments to this vendor for trash hauling totaled \$67,243. Another member of the Town's Board of Selectmen is related to someone that owns a business that provides services to the Town's highway department. During the fiscal year ended June 30, 2019, payments to this vendor for these services totaled \$1,148.

The Town requests contract proposals for these services annually. The Selectmen recuse themselves from the contract award process in those matters pertaining to their respective related parties.

NOTE 23 - RESTATEMENT

In 2019, the Town required restatements to fund balances and governmental activities net position to correct the general fund accounts payable balance and to include a special revenue fund that was omitted from the prior year financial statements. The general fund total fund balance was decreased by \$18,003 from \$10,471,648 to \$10,453,645. The special revenues total fund balance was decreased by \$155,490 from \$4,008,606 to \$3,853,116.

TOWN OF WELLS, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 23 - RESTATEMENT (CONTINUED)

The resulting restatements decreased the governmental activities total net position by \$173,493 from \$39,597,586 to \$39,424,093.

NOTE 24 - SUBSEQUENT EVENT

On September 10, 2019 the Town entered into a short-term borrowing agreement with VAR Technology Finance for technology services. The lease is payable in two annual installments of \$166,212 each.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2019

Changes of Assumptions

For the PLD Consolidated Plan, the discount rate was reduced from 6.875% to 6.75%. In addition, the cost of living benefit increases for the PLD Plan decreased from 2.20% to 1.91%.

For the MMEHT Plan, there was a change in the discount rate from 3.44% to 4.10% per GASB 75 discount rate selection.

Special Revenue Funds

Special revenue funds are established to account for the proceeds of specific revenue sources (other than expendable trusts or for major capital projects) that are legally restricted to expenditures for specific purposes.

1. Drug Seizure (0002) - This fund is used to account for transactions related to drug related education as specified by the state government.
2. Drug Forfeiture (0008) - This fund is used to account for transactions related to drug related education as specified by the federal government.
3. Harbor, Moorings and Floats (0012) - This fund is used to account for transactions related to the building of the moorings and floats.
4. Town Clerk Animal Control (0201) - Used to account for transactions related to animal registration licenses. A portion of these funds are remitted to the State and a portion is retained in the Town per State regulations to pay for local animal shelter requirements.
5. Shellfish Control (0210) - Used to account for transactions related to shellfish licenses issued by the Town Clerk. A portion of these funds are remitted to the State and a portion is retained in the Town per State regulations to pay for local shellfish needs.
6. Town Clerk Moses - State (0215) - Pass through account for State portion of Town Clerk Moses transactions.
7. Town Clerk Dogs - State (0220) - Pass through account for State portion of dog fees.
8. Town Clerk Vitals - State (0255) - Pass through account for State portion of vital fees.
9. State Plumbing Permits (0415) - Pass through account for State portion of Plumbing and Plumbing Subsurface Permits.
10. Water Control Improvement (0416) - Pass through account used for State plumbing surcharge fees.
11. Admin State Auto Reg (0435) - Pass through account for State portion of vehicle registrations, i.e. Sales tax, Title and Plates.
12. Background Checks (0470) - Fees required when business applications involved massage, taxi or an ice cream vendor.

13. Fuel Donations (0475) - To account for transactions related to donations made by Wells citizens and businesses to assist Town residents with heating fuel needs. This is in addition to the State General Assistance Program but the Town cannot be reimbursed for these expenditures by the State.
14. Smoke Detector/Carbon Monoxide Program (0480) - To account for the purchase of smoke detectors/carbon monoxide detectors for Wells citizens that meet income guidelines from donated funds.
15. Wells Activity Center (0522) - Used to account for transactions related to all the special functions held at the Wells Activity Center. The transactions include but are not limited to dances, dinners, musical performances, etc as fund raising events for Town or other organizations.
16. Central Area Dev Beautification (0550) - This fund is used to account for transactions related to beautification of town owned properties.
17. Boat Tank Pumpout System Grant (0570) - This fund is used to account for transactions relating to the maintenance of the pumpout system.
18. Sidewalk and Bicycle Reserve (0704) - This fund is used to account for transactions related to repair and construction of sidewalks & bicycle paths.
19. Open Space Reserve (0705) - This fund is used to account for transactions related to the purchase of land for conservation and open space.
20. Municipal Land Reserve (0706) - This fund is used to account for transactions related to the purchase of property for municipal facilities and to capitalize on real estate opportunities.
21. FEMA (0707) - Used to account for transactions related FEMA for the Town.
22. Infrastructure Reserve (0708) - This fund is used to account for transactions related to the eventual replacement of seawalls and bridges. It is also used for drainage projects, harbor improvements and road improvements.
23. Inland Golf (0713) - To account for impact fees collected from the selling of building lots in the Old Marsh Golf Course residential community located on Route 9B.
24. Ambulance (0715) - This fund is used to account for transactions related to ambulance replacement in conjunction with the Wells Emergency Services.
25. Wells Transport Center (0717) - This fund is used to account for transactions related to the operational shortfalls at the transportation center.

26. Beautification Reserve (0727) - Originally approved at the FY 2005 Town meeting with subsequent additions in FY 06 and FY 07 for beautification projects on town-owned land and facilities.
27. Activity Center Parking (0729) - Approved at the FY 2005 Town Meeting for parking lot improvements and enlargement.
28. Library Beautification Fund (0731) - Approved at the FY 2006 Town Meeting to improve landscaping and signage.
29. Rec Site Plan (0732) - Approved at the FY 2007 Town Meeting to develop a site plan for the Recreation Department as part of its long range strategic plan.
30. Town Wide Misc. (0739) - Approved at FY 2011 Town Meeting for unknown daily maintenance throughout the Town.
31. Technology/Workstation Refresh (0740) - Rotating three-year program to refresh/update Town computers. Also used to account for technology improvements, upgrades and additions.
32. Sans 2 (0741) - Upgrades for Town servers to stabilize domain.
33. PD Recorder (0742) - Used to record the emergency and business phones in Dispatch and the Police, Fire and EMS radio traffic. Updated in FY 2019 to also track various CIP projects for the Police Department such as the radio tower project.
34. Assessor Revaluation (0744) - Used to account for transactions related to the revaluation of property assessments throughout the Town of Wells.
35. Solar Panel Buyout (0745) - This fund is used to account for transactions related to the buyout of solar panels.
36. Eastern Trail Design Work (0746) - This fund is used to account for transactions related to the design work of the Eastern Trail.
37. Walden Renewable Solar (0747) - Established in FY 2019, to account for transactions involving the feasibility study of leasing Town land for solar projects. Eventually the fund may be used for transactions involving solar land leases.
38. Pay Classification (0803) - This fund is used to account for transactions related to pay scale studies at the Town Office.
39. Beach Erosion Reserve (0804) - This fund is used to account for transactions related to beach erosion.
40. Harbor Dredge (0805) - This fund is used to account for transactions related to harbor dredging.

41. Future Beach Sand Purchase (0806) - To account for funds that will be used to purchase dredge sand to re-nourish the eroded beach system in Wells with new sand from another dredge community.
42. Cable Studio Upgrades (0807) - To account for funds that will be used to upgrade the cable studio.
43. Sick Leave (0808) - This fund is used to account for transactions related to sick leave.
44. Traffic Study (0814) - This fund is used to account for transactions related to the traffic impact study.
45. Wells Conservation (0816) - This fund is used to account for transactions related to the special conservation projects or improvements.
46. Building Improvements (0817) - This fund is used to account for transactions related to repairs and maintenance of Town facilities.
47. Recycling (0820) - This fund is used to account for transactions related to a recycling grant for the purchase of buckets.
48. Walter Marsh Field Area (0824) - This fund is used to account for transactions related to repairs and maintenance of the recreation field on 9A.
49. Revolving Vehicle Loan (0827) - This fund is used to account for transactions related to the purchase and refunding for new vehicles.
50. Computer Mapping Town Hall (0830) - This fund is used to account for transactions related to computer mapping project as part of the GIS master plan.
51. Public Safety Beautification (0841) - This fund created in FY 2019 is used to account for beautification projects at the public safety facility on Route 1.
52. Library (0851) - This fund is used to account for transactions related to the library building expansion.
53. Library Board (0852) - Used for disbursements/donations for the library.
54. Library Donations (0853) - This fund is used to account for transactions relating to the library.
55. Town Maps (0901) - This fund is used to account for transactions involved with repairs and replacement of the engineering copier.
56. School House 9 (0903) - This fund is used to account for transactions related to the upkeep of the school house.

Proven Expertise & Integrity

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Selectmen
Town of Wells
Wells, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Wells, Maine as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Town of Wells, Maine's basic financial statements and have issued our report thereon dated November 12, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Wells, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wells, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Wells, Maine's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

www.rhrsmith.com

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Wells, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
