WELLS ACTIVITY CENTER

Dear Shannon:

This letter is in response to a request for a sewer capacity letter for the Wells Activity Center at 113 Post Road in Wells, Maine, also identified as Wells Tax Assessor's Map 134, Lot 34.

This property is currently connected to the public sewer system and is used for multiple purposes. Our system has adequate sewer capacity to service the proposed plans to add a playground and use the building for before and after school childcare.

The proposed change in use will not be subject to Wells Sanitary District's Sewer Capacity Reserve Fee (SCRF).

If you have any questions, please let me know.

Sincerely,

A handwritten signature in cursive script that reads "Celeste Fletcher".
