Subject: High Coast, LLC

Shannon,

I wanted to make you aware that members of the command staff met with the owner of High Coast, LLC, located at 632 North Berwick Road in Wells on Wednesday, March 30, 2022 to go over her security plan.

As you are aware the business will be on the second floor of the building and with the first floor entry doors being locked the first floor walls essentially act as a security fence. They will also have a NEST camera system installed which will notify her directly via phone. We believe she has taken adequate security steps for her business purposes.
