##### D. Planning Board review process.

- (1) If there are site plan approval applications to review, the Planning Board shall meet at least two times a month and its meeting agenda shall be posted in the Town Hall at least seven days prior to the meeting. Applications and other supporting submittals shall be filed by the applicant in the Office of Planning and Development at least 10 days before the meeting. Additional materials received from an applicant less than 10 days before a meeting will be held by the Office of Planning and Development staff until the meeting and will be distributed when the application is discussed. Such late submittals may only be considered at the discretion of the Planning Board. The Board shall only consider accepting late submittals upon finding that the content is nontechnical, brief and may be easily reviewed in a short time period, and any parties to the proceeding will have adequate time to review and respond to the submittals. **Application submitted on 5/3/22. Planning Board received the application on 5/23/22**
- (2) Applications for site plan approval are to be filed with the Office of Planning and Development. The application shall be accompanied by a site plan and the required fee along with a certification that the applicant has sent or delivered notices to the abutters of the filing of the site plan approval application. If the abutters have been notified by the Code Enforcement Officer of a preapplication for the same project within the last 60 days pursuant to Subsection **A(1)(b)[1]**, the applicant shall be exempted from notifying the abutters of the site plan application filing. Within seven days of receipt of the application by the Office of Planning and Development, the Code Enforcement Officer shall determine if the proposed use meets the requirements of Articles **V, VI** and **VII**. If it does not, the Code Enforcement Officer shall notify the applicant in writing. If it does, the application shall be reviewed for completeness by the Planning Board's agent or placed on a Planning Board agenda for the Planning Board to review for completeness. The applicant may request, in writing, that the Board waive submission of the requirements of § **145-77**. The Board may waive any of the submission requirements listed in § **145-77** if it determines that they would not be applicable or are not necessary to determine that the standards of § **145-75** have been or will be met. **Abutters mailed notice of application on 5/12/22**
- (3) It is the responsibility of the Planning Board, or its agent if so designated, to determine if the application is complete. If it is the responsibility of the Board to determine whether the application is complete it must be done within 21 days of receipt of the application by the Board. If it is the responsibility of the Board's agent to determine whether the application is complete it must be done within 14 days of receipt of the application by the Office of Planning and Development. The time period for determining completeness may be extended by mutual consent of the applicant and the Planning Board or its agent. If the application is complete it shall be placed on an agenda for presentation to the Board at a public hearing. If the application is not complete, the applicant shall be notified, in writing, of the additional information needed to complete the application. If the additional information or a written request for an extension is not submitted within 60 days of the notification, the application shall be considered to be withdrawn. If the Planning Board's agent has determined that the application is not complete and the applicant believes it is complete, the applicant may request in writing for the application to be placed on the agenda for the next Planning Board meeting and have the Planning Board review the application for completeness. **Application deemed complete by the Planning Office on 5/24/22**
- (4) Upon determining that a complete application has been submitted, the Office of Planning and Development shall notify the Staff Review Committee members of the application and request their comments on the application in writing. **To be determined**
- (5) Within 35 days of determining that the application is complete the Planning Board shall hold a public hearing on the application. **Public Hearing scheduled for 6/6/22**

- (a) In scheduling public hearings under this section, the Planning Board shall publish notice of the hearing at least 10 days in advance in a newspaper of general circulation in the area. The applicant shall be responsible for paying the cost of such notices.
  - (b) The Planning Board shall notify, by certified mail, the applicant and all abutters of the lot involved, including owners of lots on the opposite side of the street, at least 10 days in advance of the hearing, of the nature of the application and of the time and place of the public hearing.
  - (c) The lot owners shall be considered to be those against whom taxes are assessed. In the case of condominiums, the condominium association, not each unit owner, shall be notified. Failure of any lot owner to receive a notice of public hearing shall not necessitate another hearing or invalidate any action by the Planning Board.
  - (d) At any hearing, a person may be represented by his agent or attorney. Hearings shall not be continued to other times except for good cause.
  - (e) The applicant's case shall be heard first. To maintain orderly procedure, each side shall proceed without interruption. Questions shall be asked through the Chair. All persons at the hearing shall abide by the order of the Chairman.
- (6) Within 35 days of the public hearing or a period of time agreed to by the applicant and the Planning Board, the Planning Board shall reach a decision based on the criteria found in § 145-75 and shall inform the applicant in writing within seven days of its decision stating its reasons. The Board shall prepare detailed, written findings of fact and conclusions, based on the evidence presented at the public hearing and evidence presented by the applicant and evidence presented by Town staff. **To be determined**

### **Recommendations and Conclusion:**

1. The Planning Board should consider comments from the Public Hearing.
2. The PB should review and workshop the V, VI and compliance review comments:
  - a. The lot is part of the Berwick Road Subdivision. A final/minor amendment to the subdivision plan has been submitted to relocate and add a second driveway onto Willie Hill Road and eliminate the bound located on Willie Hill Road. The amendment application will be scheduled for the June 20<sup>th</sup> Planning Board meeting.
  - b. Willie Hill Road 40' landscaped buffer:
    - i. A 40' wide buffer is required to be planted with shrubs and/or ground cover and shade or evergreen trees (2" diameter at breast height) planted a maximum of every 30 feet on center along the entire distance of the street frontage.
      1. 14 arborvitae trees are proposed every 8' along the street frontage to be disturbed.
      2. The existing trees/vegetation to the south of the southerly entrance noted to remain and be maintained.
      3. Determinations to be made after the public hearing.
  - c. Stormwater considerations reviewed. Willie Hill Road drainage appears well managed. On-site stormwater directed to the level spreader, curtain drain with a plunge pool, or side slope in a sheet flow condition or converted to a sheet flow condition. This meets the subdivision approval conditions, see Note 27, and Town stormwater LID requirements. Sect. 201-32. E requires a minimum culvert pipe size of 15 inch diameter for cross culverts.
  - d. Does Wetland Impact 2 include the fill needed for the septic side slope?
  - e. A MDEP Tier 1 permit is required. Has an application been submitted?
  - f. Minor plan note/label corrections recommended.
  - g. Staff Review to comment on the application on 6/14/22.
3. The Planning Board to consider continuing the application review for 30 days.
