Hi Shannon,

My name is Linda Small and my dad lives at 6 El Velvel Circle directly behind this new development going in. We have not made it to any meetings due to my mother passing away, her celebration of life and me going to France to bring her ashes to her sister.

My parents have lived here for 42 yrs with the woods behind their house for 42 yrs. Old man Tilton said he would never sell the land. He has passed on now and the family has sold the land for development. And I can understand why they would sell the land now but bottom line is that it "sucks" for those who have lived here a long time with old man Tilton and the woods.

I am writing this to you, after we had spoken on the phone, you had mentioned that a privacy fence could be put up between us and the development and we are asking that that will be done behind my fathers property. When I had spoken with him about what you had said could be done with a privacy fence that made him feel better about the situation at hand. I am asking, hoping and praying that you could do this for him. Thank you for your time.

Sincerely,

Linda Small
