Recommendations and Conclusion:

1. The Planning Board should consider receiving the site plan amendment application.
2. The Planning Board to consider if a site walk of the property is to be held.
3. If a site walk is waived, the Planning Board to consider workshopping the following Article V, VI and completeness review comments:
 - a. The total number of seats proposed on the property (1st floor, 2nd floor, outdoor patio) to be provided by the applicant.
 - b. Various plan markups and recommended plan notes to be addressed. Notes will need to incorporate the number of seats and calculate parking requirements.
 - c. Reduction in on-site parking to be considered at a future workshop.
 - d. Gross floor area of the building to be detailed for each floor. Eaves over 12" are counted as building footprint for setbacks.
 - e. Plan to identify the existing dumpster, propane tanks, HVAC units, generators, refrigeration units, etc.
 - f. Planning Board to consider granting a waiver and not requiring property contours to be depicted.
 - g. Abutting/adjacent features such as crosswalks, public parking areas, directional arrows, etc to be identified.

- h. Existing easements to be determined or discussed.
 - i. WSD capacity letter for the proposed expanded use is required.
 - j. Planning Board to determine if traffic data is to be provided.
- 4. Planning Board to consider appointing the Planning Office as the completeness agent.
- 5. Planning Board to determine if a public hearing is to be scheduled for this amendment application or not.
- 6. Planning Board to continue the workshop for 60 days.
